

TAGALONG Privacy Policy

March 14 2022

This Privacy Policy governs the manner in which TAGALONG (sometimes referred to as “we,” “us,” or “our”) collects, uses, maintains and discloses information obtained from users (sometimes referred to as “you”) from our website, social media accounts, mobile and tablet applications, and Service (as that term is defined in our Terms of Use). This Privacy Policy applies to the Service offered by TAGALONG, and supplements and incorporates all of our Terms of Use. The Service is only intended for use by individuals at least 18 years of age. No one under the age of 18 is authorized to access the Service without the consent of a parent or legal guardian. TAGALONG will deny access to any individual which it learns is attempting to access the Service, or who has accessed the Service, who is under such age without consent. TAGALONG’S mission is to connect users with Professional Athletes to workout. Any and all information collected is applied towards making those connections safe, engaging and fun.

INFORMATION WE COLLECT

There are three basic categories of information we collect:

- A. Information You Give Us;
- B. Information Obtained from Your Use of our Service;
- C. Information obtained from third parties or Professional Athletes.

A. Information You Give Us

The primary purpose of the Service is to connect like-minded individuals who are actively seeking trainers, training information, and/or help with their fitness pursuits. We collect information that you choose to share with us when you use the Service including personally identifiable information such as your name, location, email address, mailing address, demographic information (such as age, gender, sport interest, etc.) and any other additional information you choose to input during the registration process or general use of the Mobile Application.

B. Information Obtained from Your Use of our Service

Information can be gathered through a variety of ways including when you access the Service, communicate with us or other users, and post data, comments, and information on the Service. We will collect personal identification information from you only if you voluntarily submit such information to us. You can always refuse to supply personal identification information we request. However, failure to provide accurate and truthful information may prevent you from accessing the Service or engaging in certain Service related activities.

TAGALONG may collect your location through data you enter or through GPS location services. We do this to provide accurate data to you regarding Athletes and their workouts in your surrounding area.

There are two types of Users on TAGALONG: Pro Users and Non-Pro Users.

A Non-Pro User is defined as any user that is not a TAGALONG Pro User. Non-Pro Users must fill out all required fields during the registration process, be at least 18 years of age (or have the consent of a parent/legal guardian if under the age of 18), and agree to and accept TAGALONG's Terms of Use and Privacy Policy. A Pro User is defined as a qualified Professional Athlete with an agreed upon relationship with TAGALONG. Pro users must be at least 21 years of age and agree to TAGALONG's Terms of Use and Privacy Policy. Pro Users are provided a Pro Code which grants them separate access to the Mobile Application. Pro Users must agree to fill out all required fields in the Pro registration process and provide TAGALONG with an initial location during registration in order to receive a Pro Code. A Pro Code is defined as a required key to register as a Pro User on the Mobile Application. Pro Users are pre-determined by TAGALONG.

With respect to location data, Non-Pro Users can manually enter their location and/or agree to grant TAGALONG access to GPS location services. With respect to Pro Users, TAGALONG must, at the very least, collect initial location data. This is a requirement for a Pro User to sign up. After sign up is completed by a Pro User, they will have the option to provide updated location data.
